EXPERIENCE

Frontend Development Intern   Mar 2022 - Jun 2022

Techmihirnaik Group 3 Months of experience in Frontend Development in Techmihirnaik Group as an Intern. In this Internship, we build responsive E-Commerce websites using our skills in HTML, CSS, and JavaScript. I started this internship in March and built an E-commerce Website.

PROJECTS

E-Commerce Website In this project we have created a E-Commerce website. User can sign-up, login, adds items in cart, checkout and many others functions. We developed this project using HTML, CSS, JavaScript. We have develop this in our internship on frontend development in Techmihirnaik Group form March to June.

Portfolio I have made this portfolio webpage using ReactJs. In this portfolio website I describe myself, projects, Internship, and Skillset and deployed it on Heroku, Vercel, and Netlify.

Newsletter-Signup I have made a Newsletter signup website using HTML,CSS,BootStrap, Javascript, Node.js, Express.js. From this website anyone can signup for receiving my news letter.I have made this with the help of API. Deployed it on Heroku.

To-Do-List I have made a to do list website using HTML,CSS,Bootstrap,JavaScript,Node.js,Express.js. Using this website anyone can add item that they have to do online. Deployed it on Heroku.
